

SnapWeaz - Certificate Guidelines

Step 1 — visit our website and Enter Your Intern ID

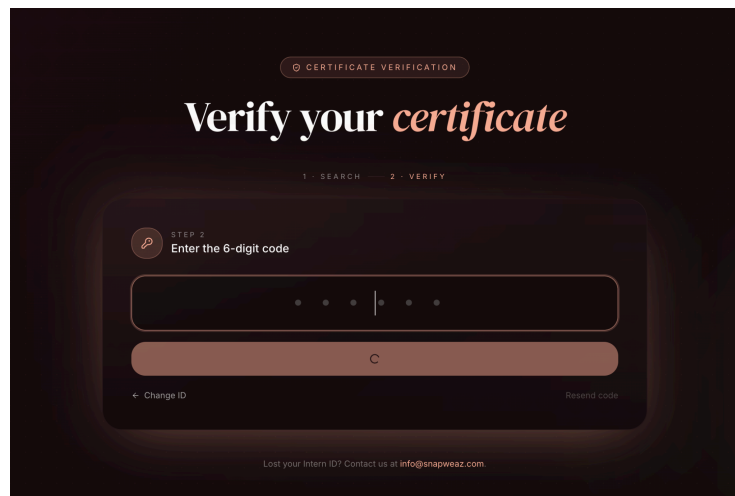

www.snapweaz.com

A screenshot of the SnapWeaz Certificate Verification page. At the top, it says 'CERTIFICATE VERIFICATION'. The main heading is 'Verify your certificate'. Below this, it shows a progress bar with '1 - SEARCH' and '2 - VERIFY'. The 'STEP 1' section is titled 'Enter your Intern ID' and contains a text input field with the placeholder 'E.g. SW12026xxxx'. Below the input field is a 'Continue' button with a right arrow. A small note below the button states 'Your Intern ID is on your offer & certificate.' At the bottom, there is a link: 'Lost your Intern ID? Contact us at info@snapweaz.com.'

Enter the unique **Intern ID** provided in your Offer Letter or Internship Certificate.

Step 2 & 3 — Verify with OTP

A secure **6-digit OTP** will be sent to the email address linked with your internship profile.

- Enter the 6-digit verification code.
- OTP is valid for **2 minutes**.
- Click **Confirm**.
- The system securely validates your OTP.
- Once verified, your official SnapWeaz verification page is generated instantly.

This verification ensures that only the certificate owner can access the verification page.

Step 4 — View Your Verified Certificate

After successful verification, your certificate verification page will display :

- Full Name
- Internship/Program Name
- Intern ID
- Start Date
- End Date
- Verification Status
- LinkedIn Profile (if available)
- GitHub Profile (if available)
- Official SnapWeaz Verification Seal
- Verification Date
- Share Certificate option

This verification page acts as the official proof of your internship status with SnapWeaz.

Step 5 — Share Your Verified Certificate

Once your identity has been successfully verified using the OTP, your certificate receives a **unique shareable verification link**.

How it works

- Click the **Share Certificate** button.
- Your unique certificate verification URL will be copied to your clipboard.
- You can share this link anywhere, including:
 - LinkedIn
 - Resume/CV
 - Job applications
 - University submissions
 - Portfolio websites
 - Email signatures
 - Social media
 - WhatsApp or other messaging platforms

Share Link Benefits

- No OTP is required for people opening the shared verification link.
- Employers and recruiters can instantly verify your certificate.
- The page displays your official verification status directly from the SnapWeaz database.
- The verification link always reflects your latest certificate status.
- Anyone with the link can securely verify the authenticity of your internship without requesting additional documents.

Note: OTP verification is required only once by the certificate owner to access the verification page. After that, the generated shareable verification link can be opened by anyone without OTP, making it ideal for sharing with recruiters, universities, and professional platforms while still maintaining certificate authenticity.

Certificate Status Types

Depending on your internship progress, one of the following certificate statuses will be displayed.

1. Certificate of Enrollment (Incomplete)

Status: INCOMPLETE

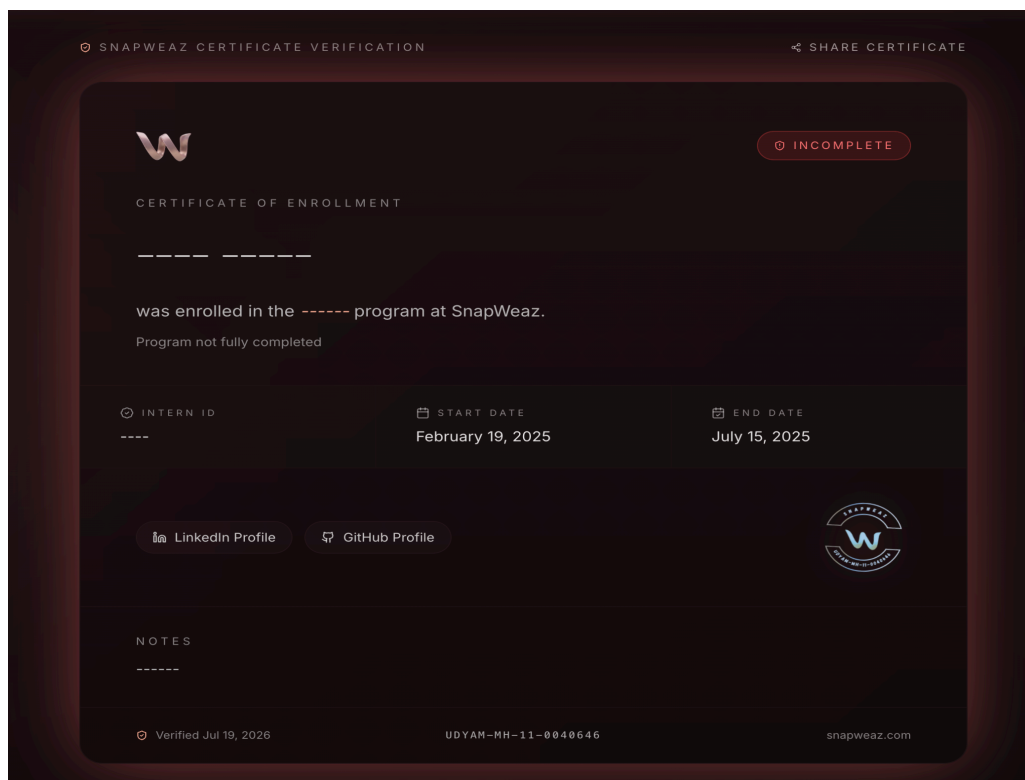

This certificate indicates that the intern has successfully enrolled in the internship but has **not yet completed all required milestones**.

Details

- Internship registration is verified.
- Internship has started.
- Program requirements are still pending.
- Completion certificate has not yet been issued.

Common Reasons

- Internship still in progress.
- Work submission pending.
- Evaluation pending.
- Internship discontinued before completion.

2. Certificate of Engagement (Currently Working Here)

Status: C CURRENTLY WORKING HERE

This certificate confirms that the intern is **actively working with SnapWeaz**.

Details

- Internship is active.
- The intern is currently engaged in assigned tasks.
- Internship duration is ongoing.
- Final completion certificate will be available after successful completion.

This certificate verifies

- Active internship status.
- Current association with SnapWeaz.
- Authentic internship participation.

Security & Verification

To maintain authenticity and prevent misuse:

- Every Intern ID is unique.
- OTP verification is mandatory.
- Verification pages are generated directly from the official SnapWeaz database.
- Employers, universities, and organizations can verify internship authenticity using the same verification portal.

A verified SnapWeaz certificate confirms that the internship record is authentic and officially issued by SnapWeaz.
